^Note: Students are excluded from Retention Headcounts and Rates if they died or graduated in a prior year. Exclusions are not counted in the denominator when calculating Retention Rates.

*Note: The formula for Retention Rate = Retention Headcount / (Entering Headcount - Excluded).

@Note: Students are excluded from Graduation Headcounts and Rates if they are deceased. Exclusions are not counted in the denominator when calculating Graduation Rates.

+Note: The formula for Graduation Rate = Graduation Headcount / (Entering Headcount - Excluded). Also, Summer graduates are included and considered the trailer term in a graduation year.
